

From: **Jim Sutton**, Precinct 4410 Republican Chair

Date: October 2022, right before the November 2022 General Elections

Fall weather is *finally* here with the November elections very near, and

Conservative leadership in Tarrant County is at risk!

...so, I am mailing each Republican leaning home in the precinct a recommended list of Republican candidates that will be on the Nov 2022 General Election ballot, regarding the election and our precinct website.

If you are concerned about any of these:

Rising Inflation

School Shootings

Sanctity of Life

Gas Prices

Indoctrinating Children Against American Values

Open Borders

Failing Economy

Gender Modification of Children

Increasing CRIME

Voter Fraud

Men in Women's Sports

Human Trafficking

1st and 2nd Amendment Abuses

Out of Control Federal Government, DOJ and FBI

Deadly Fentanyl

Censorship of Medical Information

May I suggest you vote for state, district and county leadership that is also concerned about these issues, Republican candidates committed to conservative leadership!

County Judge

The County Judge oversees the county budget, advocating for county police funding and conducts county commissioner court meetings. **Tim O'Hare** is the Republican candidate that will advocate for our liberties and exercise sanity in regard to executive orders. Who wants to continue to experience unwarranted, economically devastating policies and lock downs in Tarrant County again with a Democrat in charge of our County? Our community has experienced growth! We need a County Judge that upholds the liberties and economic security that Tarrant County has enjoyed for years. Tim's opponent is Deborah "Defund the Police" Peoples who is a former Democrat Party Chair. Find more information about why **Tim O'Hare** is the best leader among the candidates for Tarrant County Judge on the precinct 4410 website.

State Leadership

The current Republican leadership of Governor **Greg Abbot**, Lieutenant Governor **Dan Patrick** and Attorney General **Ken Paxton** has been more effective than Democrat state politicians in most any other state. While there are perhaps more effective Republican leaders in regards to certain issues in other Republican states, there is no doubt in my mind that our current slate of Republican leaders on the November ballot are the best leaders for the future of Texas at this time when compared to their opponents. Our long time state Senator, **Kelly Hancock** has been an effective senior leader in the Texas Senate for the conservative values of this community. Our state Representative, **Stephanie Klick** won a hotly

Date: October 2022, right before the November 2022 General Elections

contested Republican Primary and Primary Runoff and is unopposed on the November ballot. All of these possess the skills to resist and vote down the leftist agenda and promote conservative values in their official duties.

County

With the retirement of County Commissioner J.D. Johnson, we will vote to place a new Republican County Commissioner for our district that has a commitment to conservative ideals and this community. **Manny Ramirez** won in a hotly contested Republican Primary. He deserves your vote for the conservative principles and beliefs he has demonstrated in his past activities here in Tarrant County. With the retirement of District Attorney Sharen Wilson, we will vote to place a new Republican District Attorney to fill this vitally important position. **Phil Sorrells** won a hotly contested Republican Primary and Primary Runoff to be the Republican nominee for this office.

Judges

On the November ballot there are 6 Republican state judges, 6 district judges and 4 county level judges with opponents. *Please vote for all of the Republican judges.* When a judicial race is left unvoted, it increases the chance of a Democrat judge being elected. We have seen the effect that this can have on an urban community where criminals are not brought to trial and excused by leftist judges. We can prevent that in Tarrant County by voting for all of the conservative Republican judges on the November ballot. Power is shared between the Judicial, Legislative and Executive branches – conservatives are needed in each government branch for effective conservative leadership to be realized.

Propositions

There are 3 ballot propositions proposed by the Birdville School District for various improvements and renovations. *All of the proposals would raise our property tax.* The combined total of all three propositions is a whopping **\$359, 776, 090**. I highly recommend you do research on why the school board is proposing this level of debt, weigh it with whether the school is teaching values commensurate with your beliefs and ask if the proposals will enhance their ability to fulfill their obligations to educate moral and intellectually equipped members of this community, our state and our nation.
